Access Collections Remotely

Use our search tools:

If you can't visit us, you can use our **Library Catalogue**, **Archives Finding Aids** and (with your member login) our digital resources database, **SoG Explore**.

Ask a question about a collection item:

If you identify an item we hold and would like to know more about it, send your question to **collections@sog.org.uk**. We can retrieve the item and provide more information about it, such as a scan of the title and contents pages, and if required, pass it to our Genealogy Copy Service if you would like a copy of a section or chapter.

Use our genealogy search/copy service:

Send your research questions to **genenquiries@sog.org.uk**. Our genealogists can assist you with general research enquiries and help you identify the right resources for your needs, in our collections or elsewhere.

If you have identified an item of interest in our collections, our genealogy team offer a limited search/copy service to examine items in our library and archives and make copies where appropriate.

- To request a search, please email **genenquiries@sog.org.uk** and include details of what you wish to be searched. Please include any links to the catalogue or digital collections if appropriate. We will then check the item, order it from the store if needed, and let you know as soon as possible what the search copy fees will likely be and how you can pay.
- Generally, a search can be made to see if we hold the item and copy the appropriate pages or entries after receipt of the Society's library handling/search fee of £20 (members £15; please quote your membership number)
- Most searches will not exceed 30 minutes. The initial handling/search fee includes up to five copies of pages.
- Additional pages (if available) will be supplied at 50 pence per A4-sized original and £1 per A3-sized original.
- If copies are posted overseas, postage charges will be applied. Alternatively, we can email scanned PDF/JPG images (as appropriate and if possible) at the same price.

Use our Virtual Reading Room:

Members can book an online session via Zoom to peruse a collection item: **find out more**

Do You Need to Engage a Professional Researcher?

The SoG cannot undertake lengthy genealogical research or look at sources outside its collections. If you are looking for a professional researcher to carry out more in-depth or comprehensive research on your behalf, please see our guide, **Employing a Professional**

1855 register entries

In 1855, the first year of civil registration additional information was recorded:

- Deceased's place of birth
- How long in the district or parish
- Children in order of birth, their names and ages

As a result entries cover two pages and are especially valuable to researchers. This example shows entries 211 to 213 from the 1855 statutory register of deaths for the Royal Burgh of Dumfries in the county of Dumfries.

Family Trees

Here you can see digital images of a selection of hand-crafted historical Family Trees which have been scanned, indexed and then uploaded to our new Family Tree explorer application called TreeSearch™ – made possible with **Art Fund** support.

We are making a small selection of these Family Trees available to our members and the public at this stage. Over the next six to twelve months, we will be loading the whole collection of over 20,000 images with indexes, containing over a million names, and those will all be available to our members.

Please note that this initial launch of TreeSearch™ is being made available to test it within a live environment. It is fully functional, but is also still being developed. We welcome feedback on any aspect of it, especially the look and feel, functionality and also accessibility across different devices.
